

LHDN'S BEST USER-FRIENDLY WEBSITE

LETTERS

PRESS RELEASE: The Star Online, March 16, 2016

IT'S not often I get a chance to compliment a government department for a job well done, so I am pleased to congratulate the Lembaga Hasil Dalam Negeri (LHDN) for designing a supremely user-friendly single sign-on website, <https://ez.hasil.gov.my/CI/>

This certainly is one of the best government websites I have seen. All the information one needs is summarised nicely in one page after logging in.

Thanks for making our lives easier by creating all this e-filing and doing it well.

Well done LHDN, now let's hope the same efficiency and user friendliness approach is also applied to all our repayment of overpayment applications.

VERY PLEASED TAXPAYER

Kuala Lumpur
